expository first-person sermons, The second and third sections of this thesis address the theological and theoretical rationale for the use of first-person sermons. The fourth section of the thesis-project is the manual itself which addresses the practical concerns of how to prepare and deliver a first-person expository sermon. The manual found in section four of this thesis-project may be used as the primary text to teach a course or seminar on preaching first-person sermons. The instructor in homiletics may incorporate the information in the manual as a subsection of a broader course in narrative preaching.

On the Preparation and Delivery of Sermons John Albert Broadus 2004-09 This is the classic "Dargan Edition" of John A. Broadus' masterful treatise on "The Preparation and Delivery of Sermons" updated in 1897 by his colleague, Edwin Charles Dargan. Originally written in 1870, this book became the standard text-book for more

than a generation, passing through 22 editions in the US alone. It was used as a text in the United Kingdom, Japan, China and Brazil in the 19th century. It has been updated twice in the 20th century, but these updates, in many ways, were unfaithful to Broadus' original work. There is nothing like "The Dargan Edition" of Broadus. - Publisher.

A Treatise on the Preparation and Delivery of Sermons John Albert Broadus 1894

A Treatise on the Preparation and Delivery of Sermons (Classic Reprint) John Albert Broadus 2015-07-18 Excerpt from A Treatise on the Preparation and Delivery of Sermons Special pains have been taken, at the proper points of the treatise, to give practical suggestions for ex tempore speaking. Most works confine their instruction as regards the preparation of sermons to the case of writing out in full; and many treat of delivery, as if it were in all cases to be reading or recitation. The effort has here been to keep the different methods in view, and to mention, in connection with matters applicable to all alike, such as apply to one or another method in particular. writes Broadus. "And this, nothing can supersede. Printing has become a mighty agency for good and for evil; and Christians should employ it, with the utmost diligence and in every possible way, for the spread of truth. But printing can never take the place of the living word. When a man who is apt in teaching, whose soul is on fire with the truth which he trusts has saved him and hopes will save others, speaks to his fellow-men, face to face, eye to eye, and electric sympathies flash to and fro between him and his hearers, till they lift each other up, higher and higher, into the intensest thought, and the most impassioned emotion — higher and yet higher, till they are borne as on chariots of fire above the world, — there is a power to move men, to influence character, life, destiny, such as no printed page can ever possess. Power in the Pulpit Jerry Vines 1999-06-10 The call to preach is just that- a call to preach. The call to preach, however, is more than just preaching. The call to preach is a call to prepare. Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work. God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers. Join Dr. Jerry Vines and Dr. Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in *Power in the Pulpit*. This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education. Thus, *Power in the Pulpit* is a practical preaching help from a pastoral perspective in the tradition where expository

preaching is a paramount and frequent event in the life of the local church. Power in the Pulpit is the combined work of Dr. Vines's two earlier publications on preaching: *A Practical Guide to Sermon Preparation* (Moody Press, 1985) and *A Guide to Effective Sermon Delivery* (Moody Press, 1986). Dr. Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation.

**Essentials for Biblical
Preaching** Al Fasol

2019-08-08 Learning a new art requires a knowledge of the fundamentals, and the art of preaching is no exception. In Essentials for Biblical Preaching veteran homiletician Al Fasol covers every aspect the aspiring preacher needs to know. "This volume introduces the preacher to the whole field of biblical preaching," writes the author. "It takes the novice pulpiteer through an understanding of the nature of the preacher, to a grasp of the proclamation task, and on into the mystery of basic sermon preparation." It can be used effectively on either the graduate or the undergraduate level. After surveying the history of preaching, Fasol offers practical guidelines, peppered with examples, for preparing and delivering effective sermons. Topics include collecting sermon ideas, interpreting the biblical text, organizing the sermon,

using illustrations, making applications, varying sermon methods, and employing communication principles. The thesis of this study was that laymen can be trained to adequately prepare and deliver biblical sermons. A class was created to accomplish this purpose. The Christian preachers were taught how to construct expository messages. The importance of good sermon delivery was stressed. The preachers were instructed to read the text aloud expressively, use voice, body, and eyes appropriately, and communicate passionately. Finally, the students were trained to evaluate messages for accuracy, clarity, interest, and relevance. It was concluded that the course in lay preaching did help those in the class learn to prepare and preach effective sermons.
